BEING CORPORATE BATTLEFIELD READY!

iiEBM

If the Indian industry is to carve out a niche for itself in the world economic order, it is imperative that the management must transform to accept new technologies. This implies that entrepreneurs and managers ought to acquire new skills and understand clearly the impact of technologies on the business process.

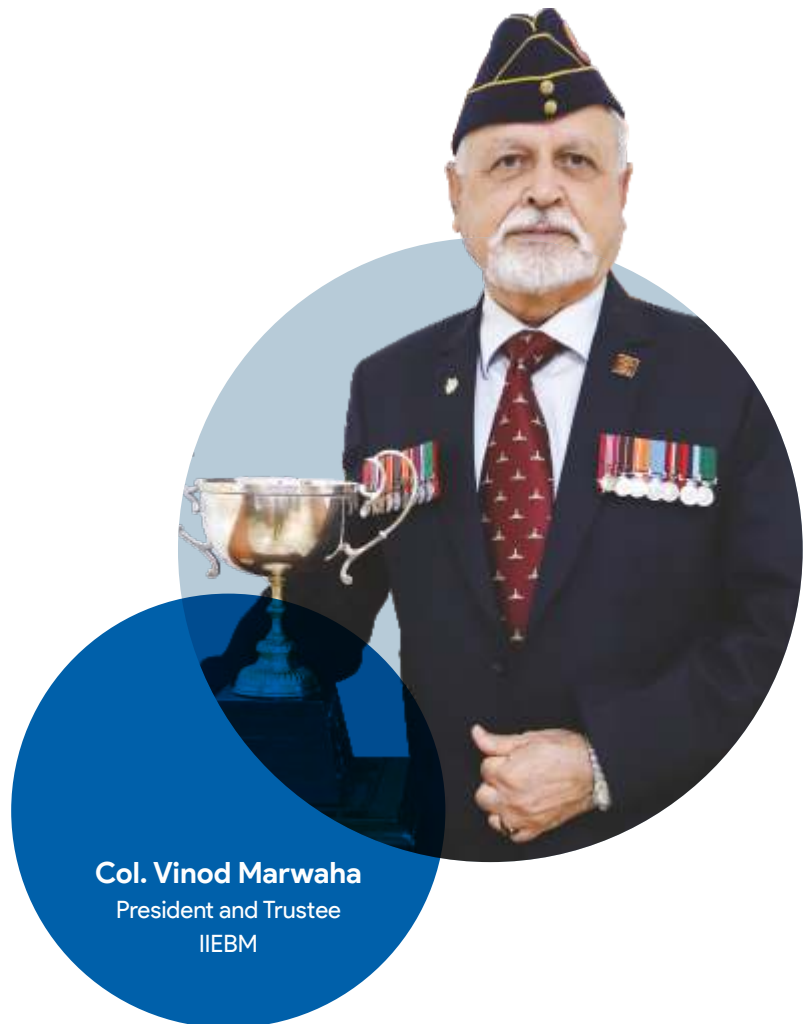

Dear Students,

The global business environment is witnessing unprecedented changes. New challenges and opportunities are being created. In every industry and economy, paradigms are shifting, calling upon new attitudes toward work, new mind-sets, knowledge and skills for success in this time of transition.

One of the more significant phenomena in recent times is the emergence of new technology in every business. It has impacted the way companies make products, look at customers and build and maintain relationships with their stakeholders. Technology is important to every company regardless of size and it is becoming a must for the very survival of any enterprises.

If the Indian industry is to carve out a niche for itself in the world economic order, it is imperative that the management must transform to accept new technologies. This implies that entrepreneurs and managers ought to acquire new skills and understand clearly the impact of technologies on the business process.

Col. Vinod Marwaha
President and Trustee
IIEBM

We at IIEBM foresaw the emergence of technology in management of enterprises and have developed a two-year curriculum, "Postgraduate Diploma in Management (PGDM)" which is innovative, contemporary and addresses requirements in terms of knowledge and skill sets expected by leading corporate houses who have adopted information technology (IT), Business analytics, ERP as effective tools to manage their enterprises.

I welcome you to be part of a transformational learning experience.

Warm regards,

Col. Vinod Marwaha
President and Trustee
IIEBM

Dr. Jai Singh
Managing Director and Trustee
IIEBM

To meet the challenges of Globalization has become the focal point of Indian Business and Industry. If the Indian Industry is to carve out a niche for itself in the World Economic order, it is imperative that management of enterprises must transform and embrace the latest knowledge and technologies.

Dear Students,

Economies across the globe are rapidly integrating into a megaWorldEconomy.

In today's fast-changing and hyper-competitive environment, it is imperative to extend our sights beyond contemporary knowledge and capabilities.

To meet the challenges of Globalization has become the focal point of Indian Business and Industry. If the Indian Industry is to carve out a niche for itself in the World Economic order, it is imperative that management of enterprises must transform and embrace the latest knowledge and technologies.

The need of the hour is to turn out Business Leaders and Entrepreneurs who are equipped with the right skill-sets and tools to analyse markets and consumer behaviour in all types of Economic scenarios.

We at IIEBM have designed the course curriculum in a very scientific manner and it is intended to be stimulating, challenging and comprehensive with meticulously engineered educational expertise and holistic approach methodology that provides every student with an opportunity to equip oneself with the right tools to analyse markets and consumer behaviour in all types of economic scenarios.

The two years spent at IIEBM, provides every possible opportunity for students to grow morally, creatively and intellectually in a highly competitive and dynamic business environment.

Our PDGM program is different from other programs as it focuses not only on imparting knowledge and giving Industry exposure to our students but laying equal thrust on honing Business and other soft skills essential for the overall personality development for making them Industry ready.

We also lay importance on imbibing the IIEBM CORE VALUES in our students which are very critical for being successful in every sphere of life.

We look forward to students who have the capacity to work hard and would like to undergo a transformational learning experience to become Business Leaders and Entrepreneurs.

Wishing all future aspirants early realization of their dreams.

With best wishes,

Dr. Jai Singh
Managing Director and Trustee
IIEBM

We are committed to make our institute a centre for business excellence. We offer a strong foundation course and robust induction program. We encourage our students to take up more live projects and internships so that they become more skilled for the industry.

Dear Students,

Many congratulations and Welcome to IIEBM!

With great pleasure, I extend my warm wishes to each one of you.

As dean of the institute, I am pleased with the rich culture of providing practical, industry relevant, management education. Every year, we aspire to design innovative, cutting edge and business relevant courses and certifications in collaboration with industry's expert, life skill coaches, eminent academicians, senior faculty members, alumni and other institutional partners. Our customized and strong curriculum will prepare you to face the real time work challenges. I am glad to share that since inception we are providing experiential business education. We aim to make our students phenomenal business managers with prodigious leadership qualities.

We are committed to make our institute a centre for business excellence. We offer a strong foundation course and robust induction program. We encourage our students

Dr. Poonam Nikam
Dean, IIEBM

to take up more live projects and internships so that they become more skilled for the industry. Our diversified courses on analytics, programming language helps the understanding of our students in data management. Our association with renowned institutions like Harvard Business School, CISI, SAP makes our students more confident and allows them to explore a new path for themselves.

I would like to once again welcome all the aspiring students to join IIEBM for a life changing experience.

Warm regards,

Dr. Poonam Nikam
Dean, IIEBM

BEING CORPORATE BATTLEFIELD READY!

Colonel Marwaha, an alumnus of the National Defence Academy & 47th Course of the Indian Military Academy was the youngest lot to participate in the 1971 Bangladesh War and are fondly referred to as the “Born to Battle” Course.

As Founder President, he carried forward the culture of graduating students of IIEBM “**Battle ready for the Corporate Battlefield**”, same way as they were baptized in the Bangladesh War.

It has been over two decades since inception of IIEBM and this philosophy remains the cornerstone of our Institute.

To be a success in the Corporate Battlefield young managers & leaders should be equipped with in-depth Subject Knowledge, Market Insight / Intelligence, Industry relevant Skill-Sets & most importantly qualities like **Nationalism, Self-Discipline, Leadership, Integrity & Ethics**.

IIEBM has created a unique identity of its own for which it is recognized by the Industry and this has also become a trademark which differentiates our students from the others.

IIEBM, being an Institute established and managed by senior Officers of the Indian Army, there is a special consideration in the Tuition Fee for the wards of serving and retired Armed Force Personnel.

About IIEBM

HISTORY

IIEBM was established in the year 2000 by Shrimant Vijaysinh Naik Nimbalkar Alias Shivajiraje, scion of the ruling family of Phaltan, District Satara and Col. Vinod Marwaha, a visionary, entrepreneur and philanthropist.

Education in the pre-merger era in the state of Phaltan, was provided by the Royal Family. 'His Highness Shrimant Mudhojirao Naik Nimbalkar' ruler of Phaltan State who had established first school in the year 1893.

After the merger of erstwhile princely states with the mainstream Government, the staff of the State of Phaltan was transferred to the Government. This led to the establishment of the "Phaltan Education Society" which was registered under the Bombay Public Trusts Act 1950 on 27th April 1953.

Thereafter, "The Phaltan Education Society" received strong support from Shrimant Vijaysinh Naik Nimbalkar, who was a firm believer in the cause of education and made it grow by leaps and bounds to its present status.

As all Institutions of The Phaltan Education Society were based out of Phaltan, Shrimant Vijaysinh Naik Nimbalkar and Col. Vinod Marwaha decided to establish IIEBM in Pune to afford students from Phaltan region and wards of defense families better corporate exposure and interaction, along with affordable, quality and value based Management education. Their dream bore fruit when the first batch graduated in the year 2002, and was successfully placed in Indian and multinational companies. Since then there has been no looking back, and IIEBM has grown to its present stature, and will continue to grow, as we continue to increase our competitiveness, both locally and nationally.

PGDM

FINANCE

Post Graduate Diploma in
Management – Finance

Nurturing Financial Leaders
for Tomorrow

Program Overview:

The Post Graduate Diploma in Management (PGDM) in Finance is a highly specialized program designed to equip students with the skills and knowledge required for a successful career in the field of finance. This program is tailored to meet the dynamic needs of the finance industry and provides a strong foundation in financial management, investment analysis, risk assessment, and financial strategy.

Key Program Highlights:

Industry-Relevant Projects: The program emphasizes practical learning through real-world projects, case studies, and simulations

Expert Faculty: Our experienced faculty members are experts in the field of finance, bringing a wealth of industry knowledge and academic excellence to the classroom.

Guest Lectures and Seminars: Regular guest lectures and seminars featuring finance professionals and industry leaders provide valuable insights and networking opportunities for students.

Internship and Placement Support: We have a strong network of corporate partners in the finance sector, and our dedicated placement cell assists students in securing internships and job placements with leading financial institutions.

Financial Technology (FinTech) Focus: The program recognizes the growing importance of technology in finance. Students will explore the intersection of finance and technology, gaining skills in areas like data analysis, block chain, and financial software tools.

Skills Taught

Financial Analysis and Reporting: Develop proficiency in analyzing financial statements and interpreting key financial indicators for informed decision-making and reporting.

Risk Assessment and Management: Acquire skills in identifying, assessing, and managing financial risks to ensure sustainable and secure financial outcomes for organizations.

Investment Strategy Portfolio Management: Master the art of designing effective investment strategies and managing portfolios to optimize returns and minimize risks.

Financial Modeling and Valuation: Gain expertise in building financial models and conducting valuation analysis to assess the financial viability of investment projects and potential mergers and acquisitions.

Ethical and Regulatory Compliance: Understand the ethical and regulatory frameworks governing the financial industry, ensuring adherence to industry standards and best practices..

Student Testimonials

Harsh Mandloi
Ujjain, MP

IIEBM, Indus Business School, it's a place where I have learned the meaning of True happiness. I would like to thank everyone who gave me enough knowledge. It is not only related to education; I was able to learn the life tips which is beyond education. As I know it is not only a college, it's a temple, The Knowledge House is the perfect name for it. It has been 5 months and I got so many memories to cherish. Every faculty member motivated me in form a beautiful career. The environment here shaping me to become a great person in life. The teachers gave me lot of guidance towards my carrier. I feel this is the most energetic days I'm spending in my life.

I had an amazing experience at IIEBM, Indus Business School, Pune. The unique tradition of saying "JAI HIND" instead of "Good Morning" was inspiring. During the orientation program, we interacted with industry experts and gained valuable insights. The faculty members are experts in their fields and passionate about teaching. The college provides hands-on experience and internship opportunities, which bridges the gap between theory and practical knowledge. Overall, it's a place where dreams are nurtured, and potential is realized.

Panna, MP

I have been having an incredible experience at IIEBM, Indus Business School. From the moment I heard about the school, I was drawn to its Army culture and orderly atmosphere. The college fosters a strong sense of camaraderie among students and provides a supportive environment. The faculty members are highly knowledgeable and encouraging, and they constantly push us to achieve our potential. The discipline and professionalism the school emanates have a significant impact on our work attitude and mentality. I am extremely grateful for the opportunities and support I have received here. Indus Business School is undoubtedly an excellent example of excellence in management education.

Attending IIEBM, INDUS BUSINESS SCHOOL has been an enlightening and transformative experience for me. The college's commitment to academic excellence and holistic development is truly commendable. The faculty members are not only highly knowledgeable but also approachable, making the learning process engaging and effective. The college provides numerous opportunities to develop leadership skills and pursue one's passions. The college's focus on practical exposure through internships and industry interactions has been instrumental in preparing us for the competitive business world. The strong emphasis on ethics and social responsibility has instilled in me a sense of purpose beyond business, which I believe is invaluable. I am truly grateful for my decision to join this college.

Karishma Raghuvanshi

Hardik Unadkat
Jalgaon, MH

My experience at IIEBM right from my first day on campus with nervousness turned into a positive impression witnessing the military environment and polite staff. After staying within home for long time it was quite difficult to sit for long-duration lectures but this institute made it possible, I attended interactive sessions, induction, workshops, presentations that helped me to learn grow by developing communication skills, connecting with people from various parts of the country, I really appreciate the sense of community and celebration of festivals at the institute. I personally grew from being an introvert to becoming a content writer and gained confidence through various roles and external events. I am grateful for the opportunities provided by the institute. Overall, my experience at IIEBM has been transformative and rewarding.

My experience with IIEBM has been both pleasurable and enlightening. I was anxious and eager at the same time about relocating from one state to another and leaving my loved ones behind. However, this institute has a culture and atmosphere that are similar to home. Everyone, including the supporting staff and faculty, is helpful and encouraging. With multiple clubs and committees that plan annual social, athletic, and cultural events, the college offers a lively campus community. Additionally, one-on-one mentorship sessions have assisted me in discovering my professional path and gaining corporate expertise. IIEBM is a home away from home.

Latur, MH

My experience at IIEBM, Indus Business School in Pune, has been a transformative journey. The institution's commitment to holistic development, industry-relevant curriculum, and a dynamic learning environment has been truly impressive. The dedicated and experienced faculty, coupled with state-of-the-art infrastructure, provided me with the ideal platform to hone my skills and knowledge. The emphasis on personality development, soft skills, and industry exposure has been instrumental in shaping my career. What truly sets IIEBM apart is its strong industry connections. The college has established relationships with numerous corporate partners, facilitating internships, guest lectures, and workshops. This exposure to the real world of business has been invaluable in bridging the gap between classroom learning and practical application. I can confidently say that IIEBM has not only prepared me for a successful career but has also contributed significantly to my personal development.

In order to succeed in life, both knowledge and exposure are equally important, and IIEBM has given me both, from industry exposure to NDA to academics. The institution comes with an uncompromising commitment. It aims to achieve specific, measurable, observable, and quantifiable results among all students. The institution has a vision to provide value-based education to young minds and provide a dynamic learning environment. The curriculum is designed to provide hands-on experience through industry-oriented projects, internships, and workshops. This approach equips students with the necessary skills and knowledge to excel in their chosen fields. It has taught me the value of time with their lively schedule, which helped me get ready for corporate. One of the institution's strengths lies in its dedicated faculty members, who are well-qualified and experienced in their respective fields. They not only impart knowledge but also encourage critical thinking and research, preparing students to face real-world challenges. They teach not only their area of expertise but also moral values, ethics, and discipline.

Vanshika Tripathi

'The expert at anything was once a beginner.' IIEBM, Indus Business School has been a great contributor to the development of my personality. After joining I have established my leadership, time management and team skills and have also been able to advance these skills to a whole new augment level. Discipline as a core value has helped me in my daily chores. The infrastructure of IIEBM is one of the finest in the region. The best thing about this college is the cross-cultural interaction between students from various parts of India. The professors here are very well equipped with the latest industry skills, which is helpful for me and my peers to grow in an ever-changing environment. Lastly, this is a place where I feel my future can be nurtured very well.

I'm really happy to be a student at IIEBM. I chose this college to wholeheartedly dedicate myself and fulfil my parents' expectations. The unique thing about this college is its strong commitment to discipline and hospitality. I am immensely proud to share that I have the honour of being the Head of the Hospitality Committee and also a valuable member of the HR and Placement Committee. These roles have truly set me apart from my peers, and I owe it all to IIEBM. The college's focus on instilling discipline and fostering a culture of hospitality has not only molded me into a responsible student but has also given me the opportunity to contribute to its growth. IIEBM has been instrumental in shaping me into a person who not only meets my parents' expectations but also stands out as a responsible and dedicated individual.

Saurav Singh
Sonbhadra

As I decided to pursue my PGDM from IIEBM, my response always revolved around "Because this institute is known for putting its undivided attention towards inculcating self-discipline & perseverance among its which sadly most PGDM colleges fails to focus on". Now, I couldn't be happier to admit that my opinion after being a student here for the last 4 months has only risen up the same ladder as what I perceived before coming here. Be it nurturing the students by fostering multi-cultural & multi-linguistic values, inculcating the habit of proactively participating in real-world opportunities, fostering the custom of being a socially responsible citizen with the help of international organizations Rotary or giving them the taste of the unyielding grind of the corporate world, our institute has the perfect blend of everything it takes to establish yourself in the professional setup as IIEBM stands rightfully on its ground by building their students truly ready for the corporate battlefield.

IIEBM has become more than just an educational institution to me. It's a place where I have been able to harness my potential to the fullest. From an academic standpoint, the institution has not only imparted knowledge but also instilled critical thinking, problem-solving abilities, and a deep understanding of my chosen field. The dedicated faculty members have been instrumental in guiding me through my academic journey. Beyond academics, IIEBM offers a vibrant and enriching campus life. The sense of unity and celebration is another remarkable aspect. The campus is always buzzing with enthusiasm and positivity. This holistic approach to education and personal development has transformed IIEBM into my second home, a place where I continue to thrive and grow in every aspect of my life.

IIEBM is a firm believer in the power of knowledge, as shown in its motto, Let the Knowledge Prevail. Knowledge is not only about succeeding in academics but also about developing a personality by experiencing new things. At IIEBM along with the academics, I got to explore potential within me. I have interacted with corporate leaders during a one-month induction program and learned how the corporate world works. This induction was also a chance for me to sharpen my basic skills and get to know my batchmates. I have also participated in various extracurricular activities that allowed me to showcase my skills and acquire new ones. There are 20 clubs and committees in the college. Being part of some of these committees, I got the chance to apply my academic knowledge in practical situations. The journey of five months so far has been full of learning. I am looking forward to more such experiences and gaining more knowledge.

Stepping into the IIEBM campus, I felt a sense of belonging and assurance to fulfill my purpose of entering the corporate world. The institute's teaching pedagogy and Indian army culture instilled self-discipline and clarity in all tasks. The institute has taken utmost care to improve our communication and confidence through induction and pre-induction programs. We learned from experienced professionals from leading MNCs, which will be inculcated throughout our corporate experience. The institute provided us a platform to showcase our skills through co-curricular activities. I learned a lot about delivering storytelling and improving public speaking. I was part of the organizing committee for events. Currently serving as the president of the student council, honing my leadership skills and addressing challenges.

Jai Hind,
My name is Kalpesh Yawale I hail from Nagpur I have done my BBA in marketing from Nagpur University. IIEBM, Indus Business School Pune, has been an incredible experience for me. The level of discipline instilled in the institution is truly commendable. The faculty members are not only knowledgeable but also deeply dedicated to nurturing the talent inside the students. The positive environment at IIEBM fosters growth and camaraderie among peers, making it an ideal place for learning. Moreover, the exposure to corporate leaders has been invaluable in shaping my understanding of the business world. I am grateful for my time at IIEBM and the holistic education it provides.

Jai Hind!

I am incredibly fortunate to be a student at IIEBM, Indus Business School. This institution has not just provided education; it has sculpted my character and ignited my passion. The professors are not only experts in their fields but also mentors, guiding me to explore new horizons. The emphasis on practical learning and industry exposure has made my education here profoundly relevant. Beyond academics, the accommodative culture at IIEBM inspired me to attend classes regularly, from clubs to cultural events, from hosting stage shows at our welcome party to planning the theatre event and organizing garba night at our campus to owning responsibilities, I look up to myself for motivation. My daily dose of corporal discipline is IIEBM, which made me aware of the fact that self-discipline is always within us; it only takes the right environment to cherish it. I feel prepared for the future, not just academically but also as a well-rounded individual, thanks to the holistic approach of IIEBM.

Knowledge and exposure are equally vital for success in life, and IIEBM has provided me with both, from industry exposure to academics. The institution is backed by an enduring commitment. It seeks to provide all students with accurate, visible and measurable results. The institution's mission is to create a dynamic learning environment and offer young minds an education based on values. The curriculum is created to give students practical experience through projects, internships, and workshops that are related to their field of study. Students are given the knowledge and abilities they need to succeed in their chosen fields thanks to this method. Their busy pace has helped me learn the value of time, which has helped me prepare for corporate. The institution's committed faculty members, who are knowledgeable and skilled in their disciplines, are one of its strongest points. They prepare students to deal with problems in the actual world by encouraging study and critical thinking in addition to imparting knowledge. In addition to their field of expertise, they also impart moral principles, ethical standards, and discipline. The outstanding faculty at IIEBM is very interested in challenging the students and getting them ready for the future.

Jai Hind!

My experience in IIEBM is a transformative journey that encompasses a wide range of academic, social, and personal growth. The college provides a social environment where we form lasting friendships, engage in extracurricular activities, and develop leadership skills. Also, our involvement in the clubs and committees at our campus events provides us with an opportunity for personal growth and exploration. The Military environment and culture followed in the institute help a person to inherit the qualities of self-discipline. Our MD Dr Jaisingh and our Dean Dr Poonam Nikam are personally involved in all the events which helps us to form a personal connection with them. The long college hours and busy schedules are giving us long-term preparation in the context of working in the corporate world. From the moment of winning a prize as the BEST ACTRESS to the moment of getting elected for the position of SECRETARY of the college, I have been proving myself, and it's just the start of my achieving my dreams.

IIEBM has provided me both information and exposure—from industry exposure to academics—all of which are equally crucial for success in life. The organization has an unwavering dedication. All pupils are expected to meet certain, quantitative, observable, and measurable goals. The goal of the institution is to give young people a value-based education in a stimulating atmosphere. Through industry-focused projects, internships, and workshops, the curriculum is meant to give students practical experience. With this method, students are given the tools they need to succeed in their chosen industries. With their busy schedule, it has helped me learn the importance of time and prepared me for corporate. Dedicated and highly qualified faculty members are one of the institution's strongest points.

"IIEBM Indus Business School, Pune, has been my gateway to a promising career. The well-designed curriculum and rigorous training at IIEBM equipped me with strong domain knowledge, paving the way for my placement as a management trainee in sales and marketing at Hindware Limited. I extend my heartfelt gratitude to our visionary MD, Dr. Jai Singh Marwah, our Dean, Dr. Poonam Nikam, and all the dedicated faculty members for making me industry-ready. The entire IIEBM family's unwavering support and guidance have been instrumental in my success.

From the first day of college, we got different types of activities to do, which helped me to gain confidence in myself. Every day, interaction with our MD Jai sir always boosted my confidence. From the start of college, he guided me for each and every thought, big or small. His guidance and support have helped me to build a new person in me, and the opportunity and responsibility that IIEBM has given me help me to build my personality overall, which helps me to get placement in companies like Nestle.

I wish to extend a heartfelt gratitude to IIEBM, Indus Business School, Pune, that is helping to build the personality of my son Harsh. The institution has proven itself in various spheres and holds amongst the top-ranking college in the State. The college has best faculty that has dedicated approach for guiding the students in academics and extracurricular activities which enhances the skills, moral and social value. Overall, I draw deep satisfaction towards the college.

We as parents of Sangeeta are really happy that she has joined IIEBM Indus Business School for her further education. Sending our beloved daughter off to college was a momentous event in our lives, and we couldn't be more delighted with the journey she has embarked upon. As parents, we always dreamt of providing the best possible education for her, and the college she chose has exceeded our expectations in every way. From the very first day, we were impressed by the warm welcoming campus atmosphere. The faculty and staff were supportive, and they made our daughter transition into college life seamless. Their dedication to academic excellence and their commitment to helping students succeed is truly commendable.

Parents of Nirupam Sharma

As proud parents of a student at IIEBM, Indus Business School, we cannot help but share our heartfelt testimony of this outstanding institution. Our journey with IIEBM has been a remarkable one, filled with experiences that have surpassed our highest expectations. Right from the beginning, IIEBM has demonstrated an unwavering commitment to academic excellence. The distinguished faculty members at the institution are not just educators; they are mentors who have instilled in our child not only knowledge but also a profound love for learning. The curriculum is meticulously designed, integrating the latest developments in various fields of study. Witnessing the significant growth in our child's intellectual capabilities, critical thinking, and problem-solving skills has been a source of immense pride. It's an honour to be part of the IIEBM family, and we look forward to the continued growth and success of our child under its esteemed guidance. Thank you IIEBM

The college's dedication to academic rigor and nurturing talent is impressive. We've seen our daughter flourish not only academically but also in terms of personal growth and confidence. This college is known for its strict discipline and code of conduct which will affect our daughter's growth and thought process. The campus facilities and resources at INDUS BUSINESS SCHOOL are top-notch, providing a safe and stimulating environment for learning. We appreciate the college's emphasis on ethics and social responsibility, which is shaping our daughter and other students into responsible and ethical leaders. Overall, INDUS BUSINESS SCHOOL has exceeded our expectations, and we are confident that our daughter is receiving an education that will serve her well in her future endeavors. We wholeheartedly endorse this institution for its commitment to nurturing young minds and preparing them for the business world.

As parents, it was difficult to be away from our child, but we made the sacrifice for his future. We were initially worried about his well-being, but we were pleasantly surprised by the excellent accommodation and nutritious food provided by the institute. Our child has undergone remarkable changes, adapting to new experiences, developing time management skills, and actively participating in various activities. Despite being away from home for several months, he feels at home at IIEBM due to the institute's inclusive culture, celebration of festivals, and encouragement to engage in all activities. We are grateful for the positive transformation we have witnessed and hope that IIEBM continues to maintain its standards and achieve greater success.

As a parent, we know that a college's discipline and culture are just as important as its curriculum. We realized right away that this would be good for our son when we learned about the college's military roots. Students had the chance to speak with professionals in the field and industry experts during Pre-Induction and Induction seminars, the college prepares the students for corporate life through both theoretical and practical teaching. My child has been actively participating in various events and activities organized by the college and the student club and committees. He has also been involved in some social projects and student initiatives that have helped him develop his leadership and teamwork abilities. We are pleased to witness our son reaching new heights of achievement and learning.

As parents, we couldn't be happier with our child's choice of IIEBM, the Indus Business School in Pune. The college's focus on not just academic excellence but overall development is commendable. Our child's confidence, communication skills, and industry knowledge have all seen remarkable growth during their time here. The faculty's guidance and accessibility have been a significant source of support. The college's industry connections have provided our child with invaluable exposure to the corporate world, giving them a competitive edge in their career. The safety measures and nurturing environment at IIEBM have reassured us as parents. In sum, IIEBM has proven to be an excellent choice for our child's higher education.

This college has offered my daughter more than we, as parents, ever desired. The college has prepared my daughter to face the real world. She has started valuing moral values more than before. From time to time, I have seen my daughter grow more responsible for her life. Her happiness while going to college makes me think that my decision to admit my daughter to this college was fruitful. The activities that the college comes up with to boost the students' creativity and knowledge are indeed commendable. It is always said and proven that the college is the place where students learn the most and is considered their second home. These are the days where the students' best time is spent and they get mature enough to learn, understand, and act. IIEBM is an impeccable synonym for all of the above, which is not only imparting education but equally focusing on all facets of the important needs of the students, which every student dreams of, be it sports, art, cultural activities, or personality development. I express a feeling of pride and sincere gratitude at the fact that my daughter is a part of this progressive institution.

Mr. Arvind Tripathi

IIEBM is a platform where students get a chance to empower their dreams and groom themselves into responsible citizens. After, admitting my son to Indus Business School I believe that he is in the very best environment for living and studying. I have heard about its core values and discipline which helps the student to groom their careers in the dynamic business landscape. I am heartily thankful for the encouragement, dedication, and patience displayed by the staff in handling my child and contributing to making his life worthy.

IIEBM College has given our son more than we could have hoped for. The college is preparing him better than ever before. We appreciate the college's focus on discipline and time management, which we consider important. We're grateful for the hard work of the professors and management in training our son thoroughly for the competitive world. We want to thank the institution for shaping the students so effectively and wish the college a successful future.

Parents Testimonials

Mrs. Rama Das
Mother of Ishika Das

My initial reaction when my daughter approached me with the idea of IIEBM was of scepticism and doubts. Being a single parent, I had her fair share of fearful doubts on whether it is right choice to make to send her in an unknown city to pursue further education. I took a leap of faith based on the several positive feedbacks I received after consulting the alumni of the institute, the counsellors and my peers. I also must express my appreciation on how the college places a strong emphasis on holistic development. My daughter has had the chance to hone her leadership, collaboration, and communication skills via a variety of extracurricular activities. Her personal life has been enhanced by these experiences, which have also helped her get ready for the pressures of a demanding work environment.

IIEBM- Indus Business School stands out as a unique institution that is highly regarded for its strong emphasis on self-discipline and its distinct military background. Students at IIEBM follow rigorous schedules, adhere to a strict code of conduct and experience a highly structured academic environment. Military principles such as leadership, teamwork, and precision are integrated into the curriculum and daily life at the institute. These values are not only valuable in an academic context but also in the professional world. One of the key strengths of IIEBM is its diverse range of specializations. The institute offers students the opportunity to choose from various fields such as marketing, finance, human resources, and more. This flexibility allows students to pursue their passions and interests, ultimately excelling in their chosen specializations. In conclusion, the institute not only empowers students with the knowledge and skills necessary to excel in their chosen specializations but also instils a sense of discipline, leadership, and readiness to face challenges. As a result, post graduates of IIEBM are well-prepared to make a significant impact in the corporate world, bringing with them a unique blend of skills and values that set them apart.

Parents of Rasika Latkar

We are very happy and satisfied with the education that our child gets from IIEBM. It is an institute that nurtures the students in all aspects and equips them for corporate challenges. The faculty members are knowledgeable and helpful and the staff members are friendly and supportive. The institute teaches the students to be disciplined and focused on their goals. The campus has a Sar dharma Parthana Sthal, which is a special feature influenced by the Indian army. The college makes the students feel at home by celebrating all the festivals with joy and enthusiasm. The college also arranges monthly birthday celebrations for the students, giving them a feeling of family. The hostel facilities are commendable. The rooms are spacious and bright, creating a positive environment. The college takes care of the safety of every student as a top priority. The students enjoy different snacks and a high-quality lunch and dinner throughout the day. To sum up, IIEBM is a great place to learn and grow as a student and is a perfect choice for a student who wants to succeed in their career.

We are profoundly grateful for the transformative education our ward has received at IIEBM, Indus Business School. The institution's unwavering dedication to academic excellence, coupled with a nurturing environment, has honed our child's skills and character. The diverse array of extracurricular activities, along with passionate and experienced faculty, has not only broadened our child's horizons but also instilled essential life values. The college's robust support system, from counselling services to career guidance, has been invaluable. We wholeheartedly endorse IIEBM for its holistic approach, making it the ideal place for young minds to flourish academically, socially, and personally. Thank you, IIEBM for being a beacon of knowledge, integrity, and inspiration for our child.

My daughter has received more from this college than we as parents could have ever imagined. My kid is ready to confront the real world thanks to her time at college. Moral ideals are now more important to her than they were previously. I have occasionally observed my daughter becoming more self-reliant. Her contentment in college leads me to believe that I made the right choice in allowing my daughter to enrol in this university. It's true that the institution creates excellent events to foster students' creativity and knowledge. It's a well-established fact that students learn the most in college, where they also feel a sense of belonging. It is during these days those students have the most fun and develop their maturity.

Our experience with IIEBM Indus Business School in Pune has been nothing short of fantastic. Our child's journey at IIEBM has been transformational. The institution's commitment to academic excellence, combined with a strong focus on holistic development, has truly impressed us. The dedicated and experienced faculty, along with a vibrant campus community, has created a nurturing environment that encourages growth and learning. As parents, we feel proud of our child's accomplishments and believe that IIEBM Indus Business School in Pune played a significant role in shaping their future. We wholeheartedly recommend this institution to any parent seeking a bright and promising future for their child."

We are so grateful for the positive impact that IIEBM, has had on our son. When he first started at the institute, we were a bit anxious. We knew that the program would be challenging, and we were worried about how our child would adjust. However, our fears were quickly gone. The institute's strategic planning and creation of a friendly atmosphere made the transition much easier than we expected. One of the things that we appreciate is the focus on values. The school's military culture and discipline have helped him to become more disciplined, responsible, and hardworking. These are qualities that will serve them well in their future career. In addition, the school's faculty has been incredibly supportive and approachable. Our son has always felt comfortable going to their professors for help or advice. The faculty has taken the time to get to know him and their individual needs. This level of personal attention is rare and valuable. Overall, we are extremely pleased with the education he is receiving at the institute. We would highly recommend your program to any student who is serious about their education and future success.

It gives me immense pleasure to tell you that my daughter is studying in a prestigious institution like IIEBM-Indus Business School, when I first visited the campus the hospitality which I got from the staff was very impressive. The infrastructure is very well maintained, hostels give a sense of homely feeling to the students, food which they provide is very nutritious which helps my daughter to stay active the whole day. The academic structure is designed in such a way that I have seen my daughter improve her interpersonal skills and build confidence within herself. I am "Bindass" about my daughter as I know the college is there to look after her.

Our child has received more from this college than we as parents could have ever imagined. My kid is ready to confront the real world thanks to his time at college. Moral ideals are now more important to his than they were previously. I have occasionally observed my son becoming more self-reliant. His contentment in college leads me to believe that I made the right choice in allowing my son to enroll in this university. It's true that the institution creates excellent events to foster students' creativity and knowledge. It's a well-established fact that students learn the most in college, where they also feel a sense of belonging. It is during these days that pupils have the most fun and develop their maturity.
